

LADY'S BATHTUB SWIMMING AREA

This is the closest river swimming area to the Village of Lincoln. The lady's bathtub is a natural swimming area in the east branch of the Pemigewasset River. There are shallow and deep areas to swim in, as well as a small sandy beach. There are rocks in the river to sit and relax on as the river gently flows by. Kids can spend hours scrambling on the rocks upstream. This is a great spot to bring inner tubes and gently float down the river. A perfect way to spend a summer afternoon.

Directions from Lincoln:

The Lady's Bathtub is located in Lincoln behind the **Riverfront Condominium** complex, which is located at the east end of town on RT 112. Head east on RT 112, make a right turn onto **West Branch Road**, into the **Riverfront Condominium** complex parking lot. Turn right and park in the lot next to the tennis courts, which are between Buildings "B" and "C". Walk down path to river.
